PAREXGROUP INAUGURATES A NEW PLANT IN TURKEY

---

**GESER PAREX**

Our new manufacturing plant located in Mermeciler, 50 km from Istanbul on the Asian side, was inaugurated on 10 October 2008 in the presence of Mr. Binali Yildirim, the Turkish Minister for Transport and Infrastructure and Mr. Richard Séguin, Chief Executive Officer of PAREXGROUP.

The plant has a capacity of 35,000 metric tons per line. The range of products sold includes mortars for Exterior Insulation Façade Systems, adhesives and grouts and technical mortars.

GeserParex joined PAREXGROUP in June 2007, employs 25 people and will have a revenue of 5 Million d'€uros in 2008.
